

# We're keeping our union strong by adding our names to Decline2Sign

The majority of our coworkers have signed our petition declining to sign any deauthorization or decertification that would weaken our union at St. Joe's. We know that standing together in our union, especially during bargaining, is what will win us living wages, good benefits, and retirement security!

## Sign the petition:

Because we recognize that we need a strong union, a majority of us have signed the **Decline to Sign** petition. Add your name to the growing list of your coworkers who have committed to keeping our union strong.

# This union, our union!

"Having a union has helped us immensely. With a union, we have leveled the playing field between management and frontline workers. Our union gives us transparency in wages, emphasized employees' rights, social justice, and we've won a generous reimbursement towards professional development."

**-Subodh Duggal, Nuclear Med Tech, Imaging**

"I pay my union dues because I care about wage steps and shift differentials. And I want a strong union that can continue to negotiate living wages and fair working conditions for all caregivers."

**-Eva Mohorovich, Pharmacy Buyer, Pharmacy**

"I pay my fair share of dues because I believe in a strong union that will work for us all."

**-Ramon Castellanos, Respiratory Therapist, Respiratory Care**

## Bright Future Town Hall coming to Bellingham!

Meet the officers and join union leaders to discuss the recent bylaws changes and the Bright Future of our union.

**Monday, July 22**  
12pm-3pm
