

# One Valley: From the frontline to the bargaining table

## **WE DELIVERED NOTICE TO VALLEY THAT WE ARE READY TO PICKET ON SEPTEMBER 11!**

### **We delivered notice to CEO Jeannine Grinnell that we will picket in order to win a fair contract**

We've been taking action to get management to bring improved proposals that help move us closer to getting a contract that we can be proud of, and it's working! But we're not there yet. At our Wednesday Rally at Valley this week, we were joined by State Representative Steve Bergquist and Renton City Council member Kim Khanh Van to lend their support for our fight for a fair contract.

Many of us joined gathered to deliver notice to the hospital CEO that we have set a date for our informational picket where we will be raising our voices and educating our community and the public about our fight for a strong contract. We need to raise our workplace conditions in order to give the type of quality care we want to give patients.

# I'll Be There!

Informational Picket at  
Valley Medical Center

**Wed, September 11**  
**11am – 1:30pm**

Corner of Talbot Rd. and Carr Rd.

**SIGN UP**  
to join the  
picket:

[1199nw.org/3XpISHW](http://1199nw.org/3XpISHW)

"I am joining the picket to support my coworkers to get the benefits we deserve that we're not getting as medical workers. We have to come united to show them that we have big support and that we know what we're fighting for is right. Winning would be really good for my family and it would help me support my daily needs. Meeting my needs will help me to take good care of my patients. If I'm healthy, I won't need to call out sick and I can give the best care I can to my patients. Our goal is to give the best care to our patients." —**Faye Case, MA, Valley Family Medicine**

"The cost of living is going up and Valley needs to compete with other hospitals. We need to win on our priorities for good wages, enough sick leave and safe staffing. We are taking action for our community. This isn't for any one individual. This is for all of us. We'll be there!" —**Narinder Manj, RN and Inderjeet Gill, RN, 3N**

"We need to remind our administration it's not just the bargaining team they're negotiating with, it's 2,400+ employees. We are the ones on the front line, doing the work and taking care of this community. This contract will give us the respectable sick leave we need to take care of ourselves and our families. It's time for us to get out there to show management our strength in numbers!" —**Jill Theofelis, Ultrasound, Breast Health Center**
